

COOK NUCLEAR PLANT EMERGENCY PLANNING ZONE

The circled area of the map is a 10-mile radius surrounding Cook Nuclear Plant in Bridgman known as the Emergency Planning Zone (EPZ). The emergency warning system for Berrien County alerts people county-wide which includes those living within the EPZ and those who are not. When necessary, area TV and radio stations (see page 3) will alert people living inside the EPZ when there is an emergency.

Inside the EPZ are the Protective Action Areas for the Cook Nuclear Plant. During an emergency, these areas will be identified by the numbers shown on the map. For example, the TV or radio station may say, "Protective Action Area 1 must evacuate," or, "Protective Action Area 2 must take shelter." Know which Protective Action Area you live, work or are boating in so you can respond promptly to instructions.

During an emergency, listen to area TV or radio stations for official instructions on evacuating to the Public Reception Center you are to use.

PUBLIC RECEPTION CENTERS

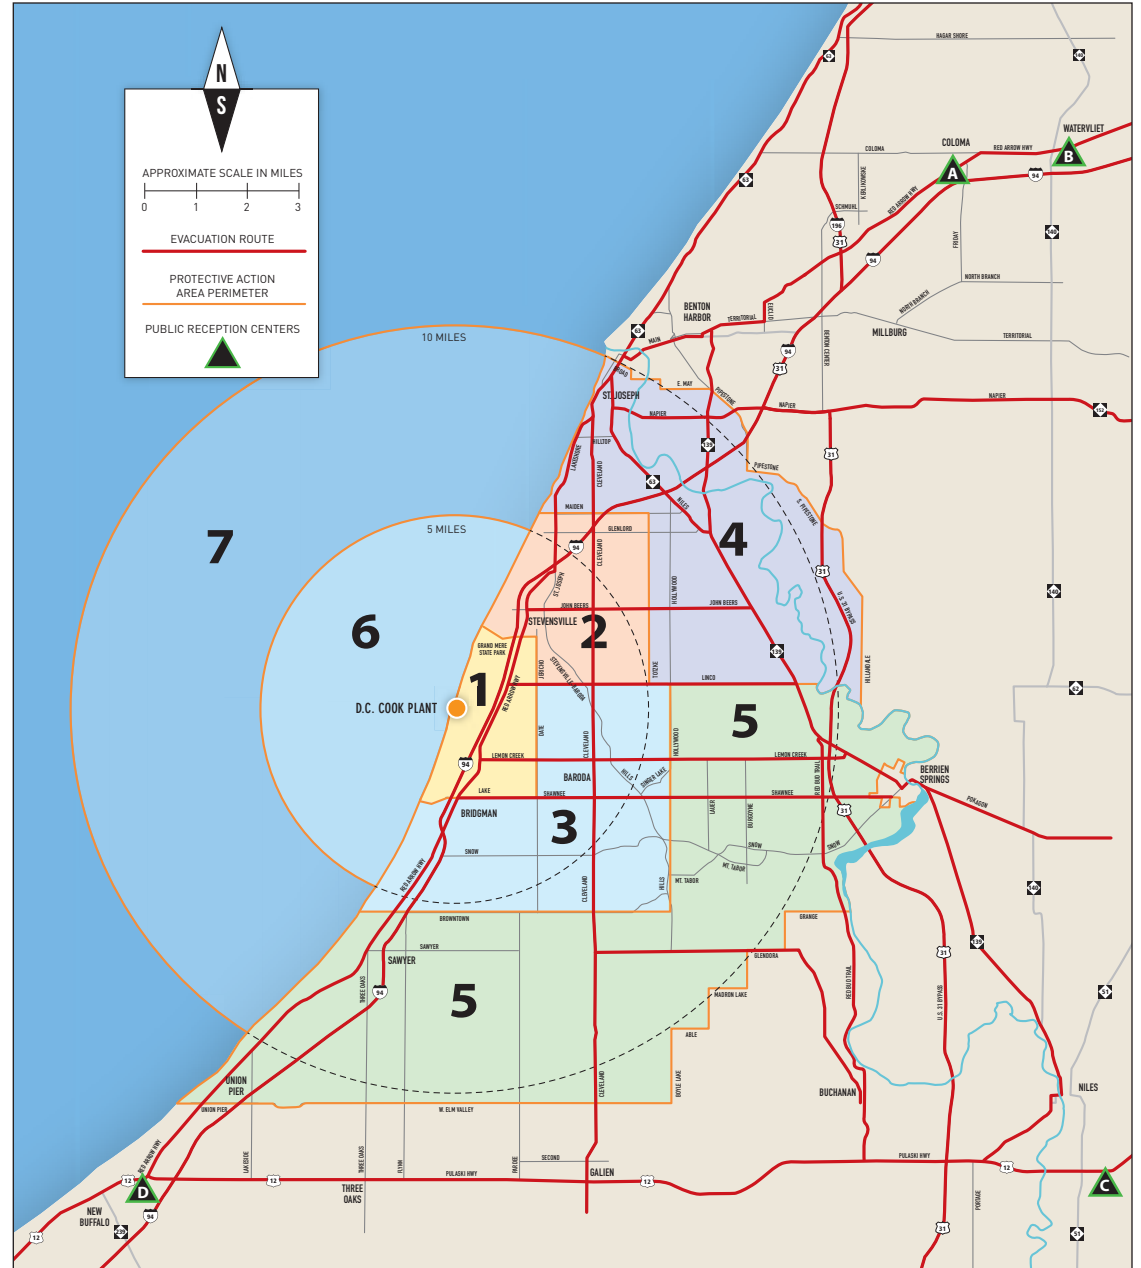

The locations of the four Public Reception Centers are listed below the map. Listen to an area radio or TV station (see page 3) to learn which Public Reception Centers are open.

WHAT TO BRING WITH YOU

- **Basics:** this calendar, cash, portable radio, flashlight, extra batteries, keys, tool kit, credit/debit cards, checkbook, wallet, purse, cell phone and charger
